

Digital Photography

Mr. Stiles

Fall 2020

*This is your 2nd
assignment. Due Thursday*

9/3/20

Inspiration File

Search the Internet for 12 images that you really like.

They can also be paintings or drawings, just anything which inspires you!

Attach a note for each image telling me what you like about it. You could instead number the images and include a written list with statements on each as to what attracted you to it.

All image files should be at least **1500 Pixels Per Inch (PPI) on one side.**

A handy tip is to search only large images. Check **L** in Yahoo or in Google click Tools>Size>Large.

1. Click on photo to open the expanded view.
2. Control click on the expanded view photo & scroll down to "View Image Info" to find it's PPI size.
3. Click on the expanded view photo and drag it to your desktop. Do not take the thumbnail version (way too small).

Put these into a folder with your name on it and upload to the Google Drive folder.

Objective: To develop a collection of images to draw inspiration from & use elements of each in your own work.

Due: 9/3/20

For 75 points
