

Video Production.

Mr. Stiles, Fall 2020

This is your 3rd assignment. - Due Thursday 9/24, Value 100 Points

SHORTS CHALLENGE #1: 48 Second Day

Throughout your day, capture a series of 24, 2-second video clips. I encourage you to use your cell phones. These 48 seconds should give a glimpse of what your day was all about.

Group Size: Individual Project

Length: 48 seconds - Each shot must be exactly two second long and there must be exactly 24 shots.

Due Date: Thursday, September 24 - Uploaded to the class Google Drive.

You may choose to use 1 piece of appropriate music to underscore your idea or use only diegetic/natural sound (**Diegetic sound** is any **sound** that emanates from the story (or narrative) world of a film). There should be no additional effects added, audio or visual. I am looking for a tightly cut assemble edit.

Total: 100 points

You will be graded on the following criteria:

- Adhering to the assignment - 24 - two-second shots telling the story of your day... YOUR DAY.
- Cinematography - Do the images help tell the story of your day? Is there a clear, deliberate composition?
- Editing - 24 shots. All two second long. Max 48 seconds. Minimum 48 seconds.

As always, PLEASE keep it school appropriate. Keep yourself safe and don't do anything illegal. No crazy parkour videos or videos of you breaking into someone's house, that isn't a school project, that's evidence.
