Under 3 Minute Inspiration Videos

Search the Internet for 3 video shorts under 3 minutes that you really love.

They can also be animations, commercials, PSA's, Art videos or just anything which inspires you!

Create a Word Document with click-able links to each video. Double check that the links work. Next each video title write a few sentences describing what you like about it and what attracted you to it. We will be viewing these videos together in class.

Put these into a folder with your name on it and upload to the Google Drive folder.

Objective: To develop a collection of videos to draw inspiration from & use elements of each in your own work.
